

Your Printable Declutter Kit

This kit goes with **The 12-Week Decluttering Workbook**. These are the pages that work better printed on their own: taped to a door, stuck on the fridge or clipped to a clipboard while your hands are full. Print as many copies as you need. Regular letter-size paper and a black-and-white printer are enough.

1

Keep / Donate / Sell / Toss flowchart

Page 2. The tie-breaker from Week 0 on a single page. Tape a copy inside the closet door, the garage door or wherever you work, and print one for everyone who is helping.

2

Room checklists

Pages 3 to 14. One page for each of the 12 rooms, so every monthly 15-minute reset starts with a clean copy. Set a timer, work down the page and check the boxes. Print the page for the room you are resetting, and file it or toss it when you are done.

3

12-week fridge tracker

Page 15. Check off each week as you finish it, where the whole house can see it.

Three habits that make the kit work

- **Ask the same question every time.** “If this were gone tomorrow, would I go out and buy it again?”
- **Keep the boxes labeled.** Four boxes or bags: Keep, Donate, Sell, Toss.
- **Stop when the timer rings.** Fifteen minutes counts as a full day.

Printing tip: choose “Actual size” or “100%” in the print dialog, not “Fit to page.”

Keep, Donate, Sell or Toss?

Pick up one item and answer the questions in order. There is no “maybe” box.

PICK UP ONE ITEM

1

Is it broken, expired,
stained or missing its
parts?

YES →

TOSS

Recycle what you can.

NO ↓

2

If this were gone
tomorrow, would I go out
and buy it again?

YES →

KEEP

Back in the room, in a place where you can
find it.

NO, OR "I'D HAVE TO THINK ABOUT IT" ↓

3

Is it worth my sell
threshold or more?

YES →

SELL

Worth the time to list it and meet a buyer.

NO ↓

DONATE

Under your threshold. Out of the house.
